IPTECHVIEW SURVEILLANCE
A la Carte MOBOTIX

When customers experience the intuitiveness and ease of use, single-sign-on and comfortable access from their own devices, desktops, laptops and smartphones, they will quickly understand how beneficial this solution is. We believe this is the main reason why it will be very popular with single users and organizations alike. Surveillance will become more inclusive with larger groups of users getting visibility of their individual spaces, and the best: the first 50 users are already included at no extra charge. This will create a more secure and protected environment.

Our principles are based on decentralization and server-less on-premise installs with pre-configured devices Just Cameras & Cloud TM . This makes system design and installation easier and keeps equipment cost at a minimum and eliminates single points of failure.

Use this guide to prepare a quote request from your ABP Account Representative or order using the SKUs below in the Partner Store. Your Partner Discount will be applied.

QUANTITY	ESSENTIAL CAMERA MODEL	MSRP
[ ]	**MOBOTIX P26-AUD (MOB-P26B-AU-6D016-MSP)** Directional camera. 6MP with audio and *32GB SD-CARD Upgrade.* Easy ceiling mount. 180/360° front perspective. Ideal to recognize people.	630 USD
